To Whom It May Concern:

It is my pleasure to recommend Megan Ashley, whose performance working as a design consultant for Selina Naturally™ has proved that she will be a valuable addition to any company.

I have known Megan for several years in my capacity as Sales Director. During that time, Megan has worked for me on various projects including label and package design, promotional emails, postcards and newsletters for the direct and wholesale channels, web design, and style sheet development. She has also graciously extended herself to my staff, providing assistance trouble shooting design and hardware issues.

Megan has distinguished herself as a competent designer by consistently submitting exceptionally well-designed material by the deadlines presented. Megan is well liked by all of my staff and easy to communicate with. Her can-do attitude keeps her at the top of our list for outsourced marketing projects.

If her performance for our company is a good indication of how she would perform in yours, she would be an extremely positive asset to your program.

If I can be of any further assistance, or provide you with any further information, please do not hesitate to contact me.

Yours Sincerely,
